The first step took place on January 20, 2016 as described in Decision No. 2016-1. The general pattern of these organizational changes was presented to and approved by the Council at its meeting on 24-26 February 2016.

The second step consists of:

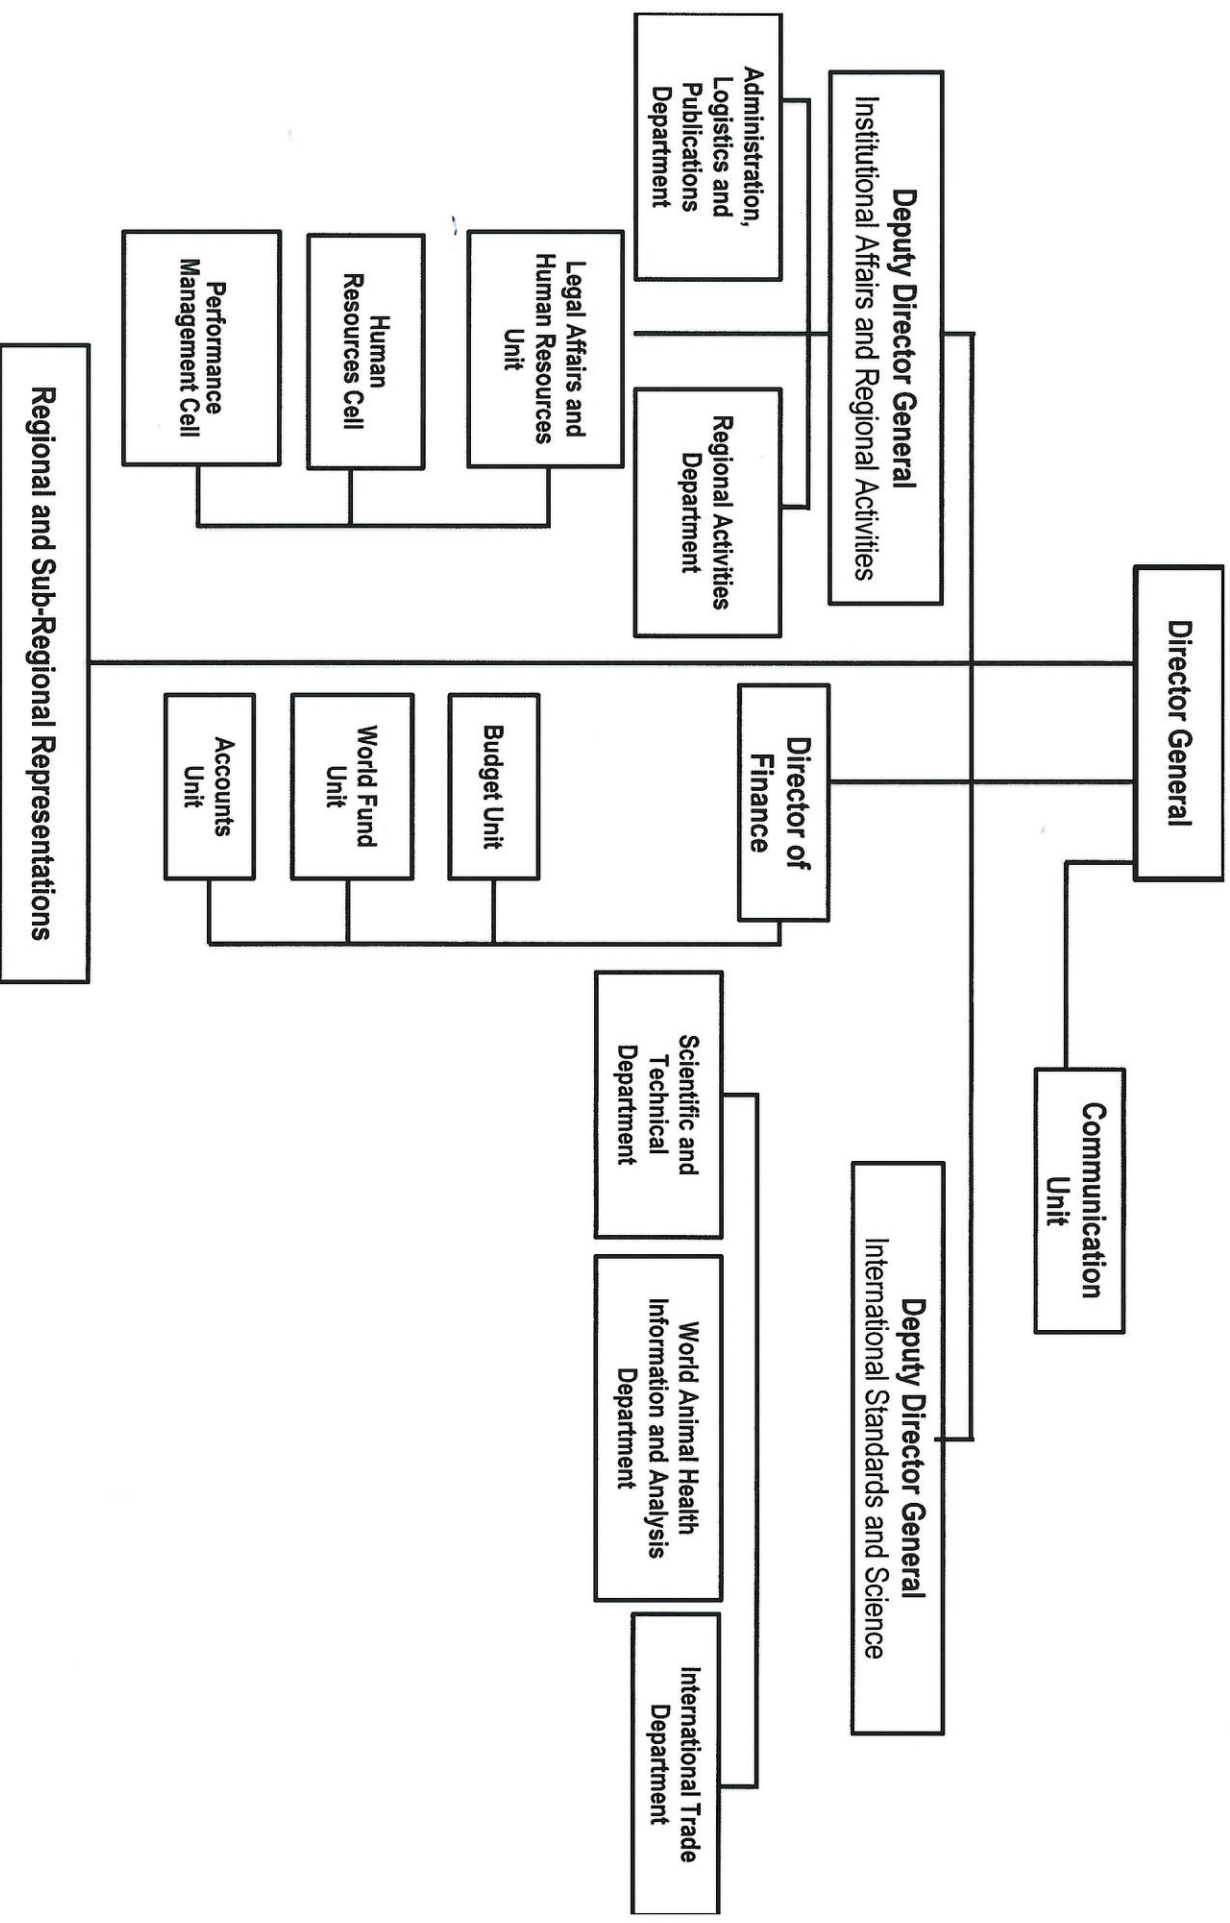

- The establishment, under the responsibility of the Deputy Director General "International Standards and Science", of four new Departments in addition to the Global Information and Analysis Global Animal Health Department led by Dr. Paula Caceres:
 - The Standards Department to be led by Ms. Ann Backhouse, whose acting is entrusted to Dr. Gillian Mylrea until September 1, 2016;
 - The Status Department, which will be led by Dr. Laure Weber-Vintzel;
 - The Programmes Department, which will be led by Dr. Tianna Brand;
 - The Science and New Technologies Department, which will be led by Dr. Elisabeth Erlacher-Vindel and to which will report the Publications Unit, led by Ms. Annie Souyri.
- The splitting of the Administration, Logistics and Publications Department into three Units, and the creation of a Documentation Cell reporting directly to the Deputy Director General "Institutional Affairs and Regional Activities":
 - The Events Coordination Unit, which will be headed by Dr. Mara Elma Gonzalez Ortiz;
 - The Information Systems Unit, which will be headed by Mr. Bertrand Flahault;
 - The Logistics Unit, which will be headed by Mr. Quentin Mirgon;
 - The Documentation Cell, which will be headed by Ms. Aline Rousier.
- The change to the name of the Legal Affairs and Human Resources Unit, which becomes the Legal Affairs and Partnerships Unit, led by Mr. Rodney de Souza.

The distribution of the staff members as of 1st July 2016 is set out in an annex to this Decision which shall come into force on July 1, 2016.
