AU-IBAR Representative
IGAD Representative
EAC Representative
FAO Representative
CVO Uganda

Objectives of the meeting

S. Munstermann

Participants' introductions and expectations

Participants

10:00-10:30

Tea/coffee break

SESSION 1: INTRODUCTION TO THE GLOBAL CONTROL AND ERADICATION STRATEGY (GCES)

Chair: Bouna Diop

10:30-11:10

General overview of the GCES, its tools and different steps to be implemented

E. Raizman

11:10-11:40

Vaccination, vaccination protocols, Post vaccination evaluation

F. Njeumi

11:40-12:00

Surveillance tool

S. Munstermann

12:00 - 12:20

Role of Epi-and Laboratory networks

F. Njeumi

12:20-13:00

Discussion

13:00-14:00

Lunch

SESSION 2: UNDERSTANDING THE PPR SITUATION (GCES COMPONENT I)

Chair: IGAD

14:00-16:00

Country reports

Facilitator

16:00-16:25

Tea/coffee break

SESSION 3: REGIONAL ACTIVITIES

Chair: Samule Wakhusuma

16:25-16:30

Introduction by the Chair

16:30-16:50

AU-IBAR

AU-IBAR

16:50-17:10

AU-PANVAC on vaccine quality control

AU-PANVAC

17:10-17:30

IGAD

IGAD

17:30-17:45

EAC

EAC

17:45-18:00

Discussion

18:00

Closure of Day 1

SESSION 4: GCES COMPONENTS II AND III*Chair: FAO*

09:00-09:20	Component II: Linking quality of Veterinary Services to progressive control of PPR	<i>N. Leboucq</i>
09:20-09:30	Background to Component III	<i>F. Njeumi</i>
09:30-10:30	Component III: Combining PPR control with the control of other small ruminant diseases <ul style="list-style-type: none"> • At national level • At sub-regional level <i>Working session: Brief introduction, Individual country work, Report back to plenary, Discussion</i>	<i>Moderators: Working Group</i>

10:30-11:00 Coffee break**SESSION 5: ESTABLISHING A SUB-REGIONAL VISION***Chair: S. Munstermann*

11:00-11:20	The PPR Monitoring and Assessment Tool (PMAT)	<i>N. Leboucq</i>
11:20-13:00	Self-assessment on the basis of objectives of GCES <i>Working session: Brief introduction, Individual country work, Report back to plenary</i>	<i>Moderators: Working Group</i>
13:00-14:00	Lunch	
14:00-14:30	Explain and establish Governance components (Regional Advisory Group)	<i>F. Njeumi</i>
14:30-15:30	National/regional vision for time line toward eradication <i>Working session: Brief introduction, Individual country work, Report back to plenary</i>	<i>Moderators: Working Group</i>
15:30-16:00	Coffee break	
16:00-16:30	Discussion	<i>Facilitator</i>
16:30-17:30	<ul style="list-style-type: none"> • Recommendations from Abidjan • Recommendations to countries • Recommendations to the Working Group 	<i>Facilitator</i>
17:30	Conclusions and closure of the Workshop	<i>S. Munstermann E. Raizman</i>

OUR PRIORITIES

The FAO Strategic Objectives

Achieving FAO's goals to end hunger and poverty is a challenging and complex task. Today, thanks to major changes in how we do business, FAO is a fitter, flatter and more flexible organization, whose activities are driven by five strategic objectives. The new and improved FAO has a real chance to win the battle against hunger, malnutrition and rural poverty.

HELP ELIMINATE HUNGER, FOOD INSECURITY AND MALNUTRITION

We contribute to the eradication of hunger by facilitating policies and political commitments to support food security and by making sure that up-to-date information about hunger and nutrition challenges and solutions is available and accessible.

MAKE AGRICULTURE, FORESTRY AND FISHERIES MORE PRODUCTIVE AND SUSTAINABLE

We promote evidence-based policies and practices to support highly productive agricultural sectors (crops, livestock, forestry and fisheries), while ensuring that the natural resource base does not suffer in the process.

REDUCE RURAL POVERTY

We help the rural poor gain access to the resources and services they need – including rural employment and social protection – to forge a path out of poverty.

ENABLE INCLUSIVE AND EFFICIENT AGRICULTURAL AND FOOD SYSTEMS

We help to build safe and efficient food systems that support smallholder agriculture and reduce poverty and hunger in rural areas.

INCREASE THE RESILIENCE OF LIVELIHOODS TO DISASTERS

We help countries to prepare for natural and human-caused disasters by reducing their risk and enhancing the resilience of their food and agricultural systems.
