# Objectives and expected outputs of the meeting

**Akiko Kamata**

*FAO*

## Objectives of Africa CBPP SGE:

# Strengthening Africa regional cooperation and dialogue on CBPP control

through:

<https://www.fao.org/3/Y3931E/y3931e03.htm>

through:

1. Regular information exchange on **CBPP situation** preparedness and control measures applied,
2. Technical support for **regular review** of national and regional CBPP control strategies by experts, based on experiences and best practices, with a view to provide scientific and technical advice,
3. Technical formulation of **disease control policies** and scientific guidance to aid in the coordination of CBPP prevention and control efforts, integrated into other bovine disease control efforts, where applicable,

<https://repository.up.ac.za/handle/2263/32927>

through:

4. Enhance / foster / promote regional collaboration on;
  - **laboratory diagnosis** by exchange of best practices and support capacity building,
  - applied research or adaptation of **existing tools**, including CBPP epidemiology, biosecurity, socioeconomics and vaccine upgrading,
  - technical support and guidance on **awareness raising** campaigns by exchange of best practices and tools to improve risk communication, and community and stakeholders' engagement (RCCE) and drive behaviour change,
  - technical support and guidance on **cross-border surveillance** and concerted risk management measures along the beef and dairy value chains, among countries in the Africa region;

through:

5. **Regular communication**/information exchange/sharing on the outcomes of the group discussions to other Member Countries and all stakeholders,
6. Coordination on technical support and guidance on **identification of priorities** for the development and adaptation of existing tools, training needs, and CBPP control projects relevant for the region.
