Presentation of the minutes of the second ASF SGE meeting

21 - 22 September 2022

Online

Short overview of attendance

- The meeting was attended by 8 out of 9 founding member countries: **Cameroon, Côte d'Ivoire, Dem. Rep. of Congo, Kenya, Nigeria, South Africa, Togo and Uganda** (Zimbabwe)
- African Union *Interafrican Bureau for Animal Resources*,
- Regional Animal Health Centre for the *Economic Community of Central African States* (RAHC for ECCAS),
- FAO and WOAHA Regional Representations (also in Brussels and Moscow),
- *International Livestock Research Institute* (ILRI)
- Selected national laboratory : the *National Veterinary Research Institute* (NVRI), Vom, Nigeria.
- The meeting was attended by Mali as an observer country (interested future member), along with observers from the Europe ASF SGEs (European Commission).
- Overall the meeting was attended by **44 participants** over the two daily meetings (up to 38 participants per day). Thirty-two percent (32%) of participants was **female**.

Topic : value chains (analyses)

- What is “value chain analysis”? Michel Dione (Edward Okoth)
- Value chains in West and Central Africa Djassi Edoukou (Fasina Folorunso)
- Value chains in Eastern Africa Sharon Tsigadi
- Value chains in Southern Africa (pre-recorded) Mary-Louise Penrith

Country presentations

- Cameroon Jean Marc Feussom
- Côte d’Ivoire Douyeri Ouattara
- Dem. Republic of Congo Honoré N’lemba
- Kenya Sam Kahariri
- South Africa Leana Janse van Rensburg
- Uganda Charles Maseembe

Poll 1

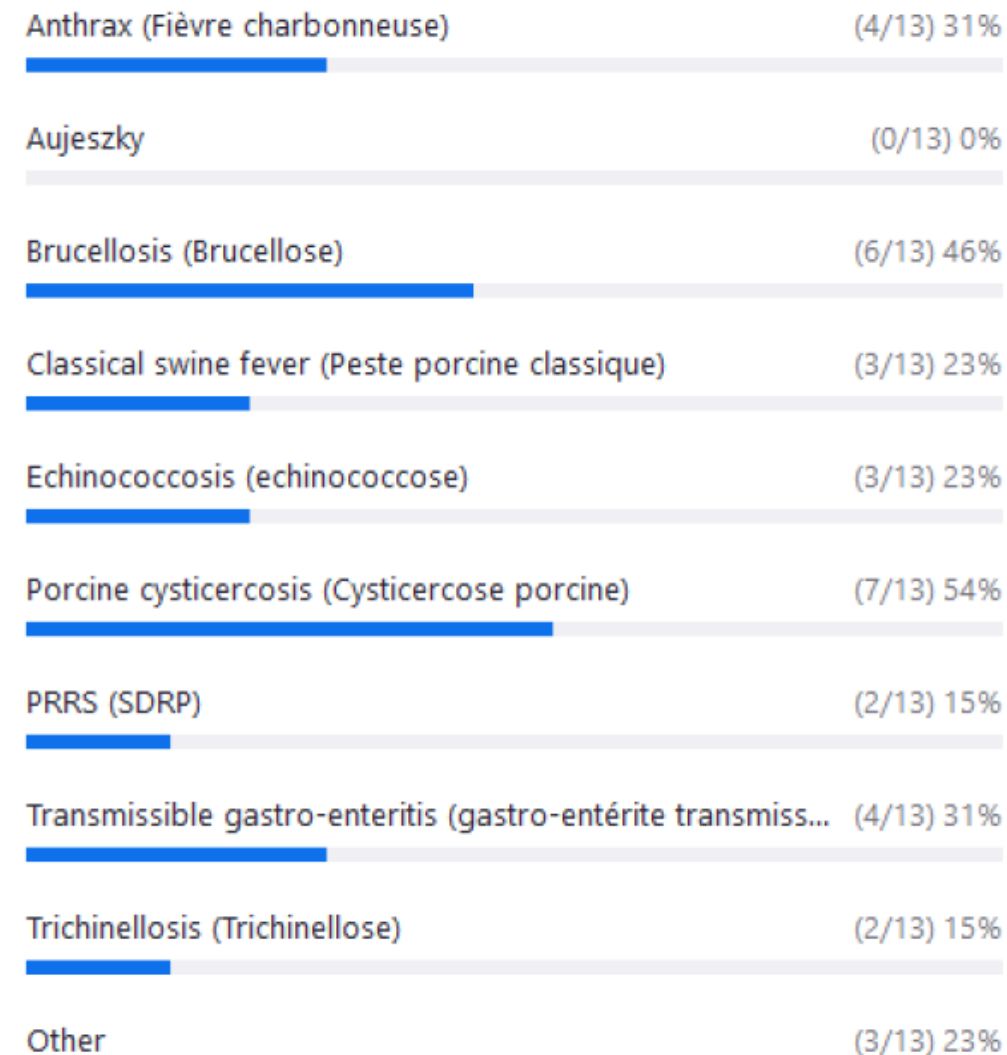

Under “other” diseases, several notifiable and non-notifiable diseases were mentioned :

- foot-and-mouth disease (FMD),
- porcine circovirus,
- *Erysipelas*,
- *Mycoplasma* spp.,
- *Actinobacillus pneumonia*,
- mange (scabies),
- *Salmonella* spp. and
- *E. coli*.

Sondage | 1 question | 13 sur 27 (48%) a/ont participé

1. Which other diseases, besides ASF are important in your country ?
(Choix multiple) *

13/13 (100%) a/ont répondu

Poll 2

Around 38% of country participants claims that value chain analyses have been conducted in this sector, against 62% that did not.

Of these, the main reasons for not disposing of such studies were (lack of) funding (77%) and lack of trained staff (46%).

Sondage | 5 questions | 13 sur 34 (38%) a/ont participé

1. Has your country conducted one or more value chain analyses of the pig and pork sector (in the last 5 years) ? (Choix unique) *

13/13 (100%) a/ont répondu

Yes (oui) (5/13) 38%

No (non) (8/13) 62%

2. What are the gaps and/or needs that prevent your country from conducting such exercise ? (Choix multiple) *

13/13 (100%) a/ont répondu

Academic / research institutions that can conduct VCA (institutions de recherche / académiques ca... (3/13) 23%

Funding to pay for the expertise (fonds pour pouvoir payer / remunerer les experts) (10/13) 77%

National value chain analysis experts (experts nationaux en analyse des chaines de valeur) (4/13) 31%

Training of national VS staff on VCA (formation de cadres vétérinaires nationaux en ACV) (6/13) 46%

VCA is not a priority for this sector (ACV n'est pas une priorité pour ce secteur) (1/13) 8%

Other (autre) (0/13) 0%

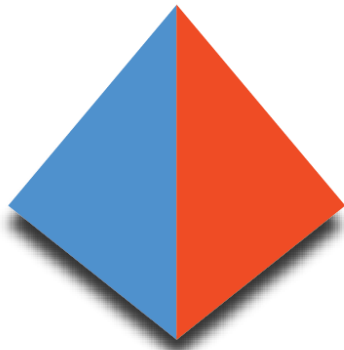

CONCLUSIONS AND ACTION POINTS

...will be presented by Viola Chemis
