BE VIGILANT . BE SKEPTICAL . BE SAFE

Semaglutide has been shown to help users lose up to 33lbs (15.3kg) on average over 68 weeks. The treatments trick the brain into thinking it's full, consequently slashing appetite and stopping users from overeating. Huge global demand, however, has seen counterfeit versions flood the market. Health officials have already seized more than 600 potentially fake Ozempic

Pharmaceutical crime operations

THE WORK OF PHPC

Collecte de données et diffusion de renseignements.

Coordination des opérations transnationales de maintien de l'ordre.
(Opérations mondiales et régionales)

Appui aux groupes de travail multiorganismes pour améliorer la coopération entre la police, les douanes, les organismes de réglementation et le secteur privé.

Sensibiliser le public à la criminalité pharmaceutique et aider les consommateurs à faire des choix éclairés.
