PVVS

Pathway

Mission requested

Mission done

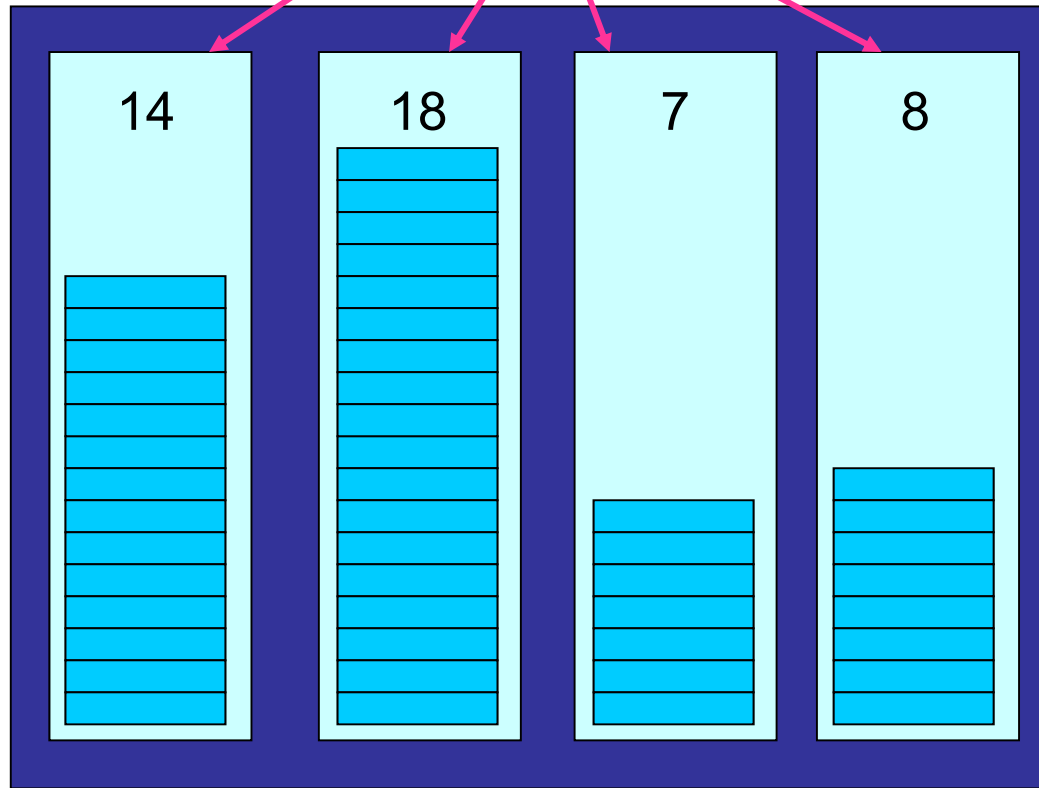

Report available

FRVS

Pathway

4 Chapters = "Fundamental components"

7 - 18 critical competences (total 47)

Pathway

I-2. The competencies of veterinarians and veterinary paraprofessionals

The capability of the VS to efficiently carry out their veterinary and technical functions, as measured by the qualifications of their personnel in veterinary and technical positions.

A. Veterinary and other professionals (university qualification)

B. Veterinary para-professionals and other technical personnel

Levels of advancement

1. The majority of veterinary para-professionals have no formal entry-level training.

2. The training of veterinary para-professionals is of a variable standard and allows the development of only basic competencies.

3. The training of veterinary para-professionals is of a uniform standard that allows the development of only basic specific competencies.

4. The training of veterinary para-professionals is of a uniform standard that allows the development of some advanced competencies (e.g. meat inspection).

5. The training of veterinary para-professionals is of a uniform standard and is subject to regular evaluation and/or updating.
