WORLD ORGANISATION FOR ANIMAL HEALTH
Protecting animals, preserving our future

Welcome to the

24th Conference of the
OIE Regional Commission for Africa

Disease situation

Visualize data Export data

The content of this dashboard is based on the data contained on the official reports (immediate notifications and follow-up reports, six-monthly reports and annual reports) submitted by the relevant Veterinary Services through OIE-WAHIS. For visualization purposes, provided data has been aggregated in a comprehensive way. If you want to consult the detailed information, please go to the specific 'Reports' section. Please note, this dashboard is refreshed every 1-2 hours.

World region Country Animal type Disease Serotype/Subtype/Genotype Disease status

Animal group Species Animal category Year Semester

Please make at least one filter selection to see the data

Please be aware that displaying a large quantity of data may increase the loading time

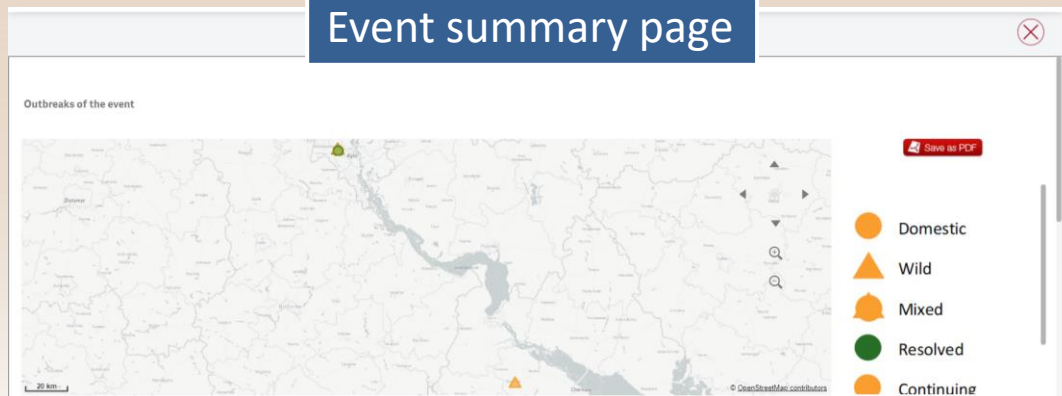

- No data available
- 9 No information
- 8 Never reported
- 7 Absent
- 6 Suspected limited zones
- 5 Suspected
- 4 Inf./Infest. limited zones
- 3 Inf./Infest.
